Nomination Form Part 2

	Units	FY 2021-22	FY 2022-23	FY 2023 - 24
No. of Units (e.g. 2)				
Capacity of Units (e.g. 2X500)				
Date of Commissioning				
Total Plant Capacity	in MW			
Total Units Generated	in Million units			
Station Heat Rate				
Auxiliary Consumption	%			
PLF	%			
Plant Availability	%			
Man/MW Ratio				
Fixed Cost	Rs. Crs			
O&M Expense	Rs. Crs			
Variable Cost	Rs. Per unit			

Emission Parameters

Type of Cooling System	Once Through Cooling (OTC) OR Cooling Tower (CT)		
Specific Water Consumption	m3/MWh		
Waste Water Discharge	Yes / No		
Particulate Matter	mg/Nm3		
Sulphur dioxide	mg/Nm3		
Oxides of Nitrogen	mg/Nm3		
Mercury	mg/Nm3		

The nominations forms should be filed by online/e-mail by 30th November, 2025

Any additional documents can also be attached along with the filled in nomination forms.

Additional information should comprise of facts and figures that substantiate the nominee's candidature for a particular award category. This can include past performance, new initiatives, noteworthy contributions, etc. To the extent possible, this information should be obtained from reliable sources like annual accounts, annual reports, public documents, websites, research papers, and presentations made at recognized forums.

Disclaimer:

The decision of the Jury in the selection, nomination and short-listing of eligible entities and finalization of the awardees shall be final and binding. No queries shall be entertained regarding the decision of the Jury or the decision making process. The authority and decision of the Jury will not be disputed nor shall it be subject to review in any court of law.

The organizer reserves the right to alter or change the program or its content and title without assigning any reason whatsoever.

Acknowledgment of Innovations

Sustainable development is an important feature as India strives to meet its target of '24X7 Power for all'. To achieve this, there is a need to deploy new technologies across various industries; in order to bring about more efficient, sustainable and environment friendly systems. This hold true for the power sector as well. Therefore, while keeping in mind theses parameters, innovation can be viewed as one of the most important tools for the sustainability of the power sector in the future.

In the IPPAI Power Awards 2025, IPPAI would like to acknowledge outstanding innovations by presenting certificates to companies or entities which have contributed significantly towards finding creative solutions in the various sub-categories mentioned below, towards the target of '24X7 power for all' in India. The acknowledged innovations will then be subject to validation, after which, the
