Who We Are

- ▶ **The Independent Power Producers Association of India (IPPAI) is an aggregator of ideas for a more cohesive and better India, through the confluence of what is cerebral and what must be implementable. At IPPAI, we believe that change must be engineered through ideas that are actionable, steeped in innovation and in conformity with regulations.**
- ▶ **As the first Indian independent body that provides a neutral platform for the discussion and examination of issues critical to the development of the private power sector in India, IPPAI was set up in 1994, after the Government of India opened power generation to private players and invited developers to set up power projects in India.**
- ▶ **IPPAI provides a cerebral platform as also an engaging interface between players in the Energy Sector, Policymakers (Central and State level), Electricity Boards, Financial Institutions, Ministries, Power Developers, Indian & Multinational Companies, Equipment Suppliers, EPC Contractors and Consultants.**
- ▶ **Our primary goal is to bring together all the important players, including government officials and multi-lateral agencies to discuss generic issues and resolve problems that may hold back the progress and development of projects in the Indian energy sector and to examine ways in which through the freshness of ideas as also a deeper understanding of issues, we can hope for resolution and progress.**
- ▶ **Our initiatives are focused on policy, strategic, financial, legal, regulatory and technical issues in the power, oil & gas and allied sectors.**
- ▶ **IPPAI offers its members the unique opportunity to access the latest policy and regulatory trends through debate and discussion with Government, regulatory and public & private sector entities, during the unique workshops, seminars and other initiatives organized by us.**

What We Do

IPPAI provides a cerebral platform as also an engaging interface for:

- ▶ **Energy Sector**
- ▶ **Policy Makers (Central and State level)**
- ▶ **Electricity Boards**
- ▶ **Financial Institutions**
- ▶ **Ministries**
- ▶ **Power Developers**
- ▶ **Indian & Multinational Companies**
- ▶ **Equipment Suppliers**
- ▶ **EPC Contractors and Consultants**

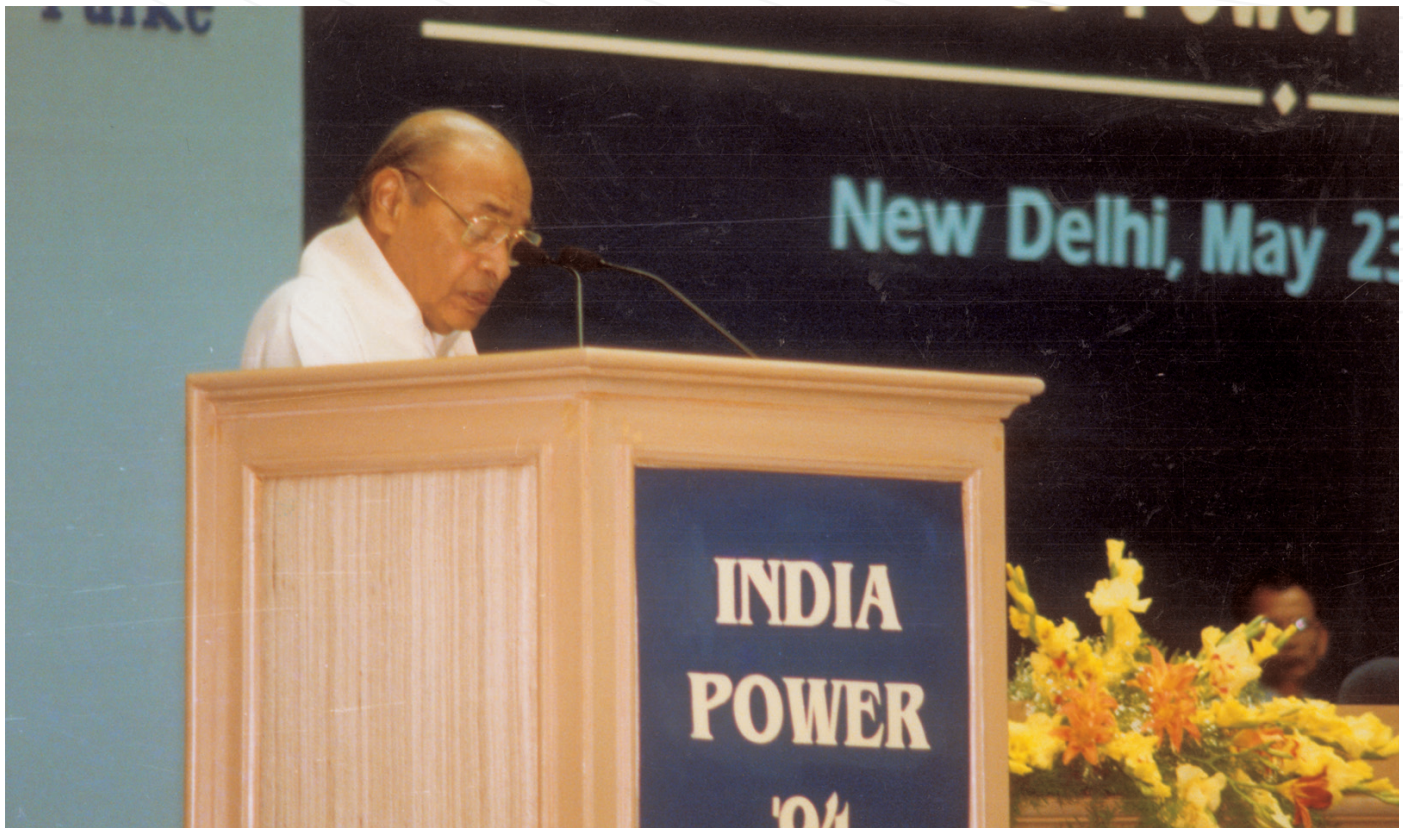

At IPPAI

- ▶ **At the core of IPPAI initiatives are its industry acclaimed conferences, that focus on current energy & related affairs.**
- ▶ **IPPAI's conferences provide a platform for top level speakers to address issues of direct relevance to the energy needs of today.**
- ▶ **IPPAI's expertise and focused discussions ensure a conversion of words into action.**
- ▶ **Hosted over 15 workshops in India debating over the contents of the Electricity Act 2003**
- ▶ **Closely involved with parliamentary agencies prior to the finalization of the Electricity Act**
- ▶ **Worked with the CEA in determining the 8th and 9th Five Year Plans for the Power sector**
- ▶ **Strategized with various state governments on how to attract investments**
- ▶ **Involved in showcasing India with various ministerial missions**

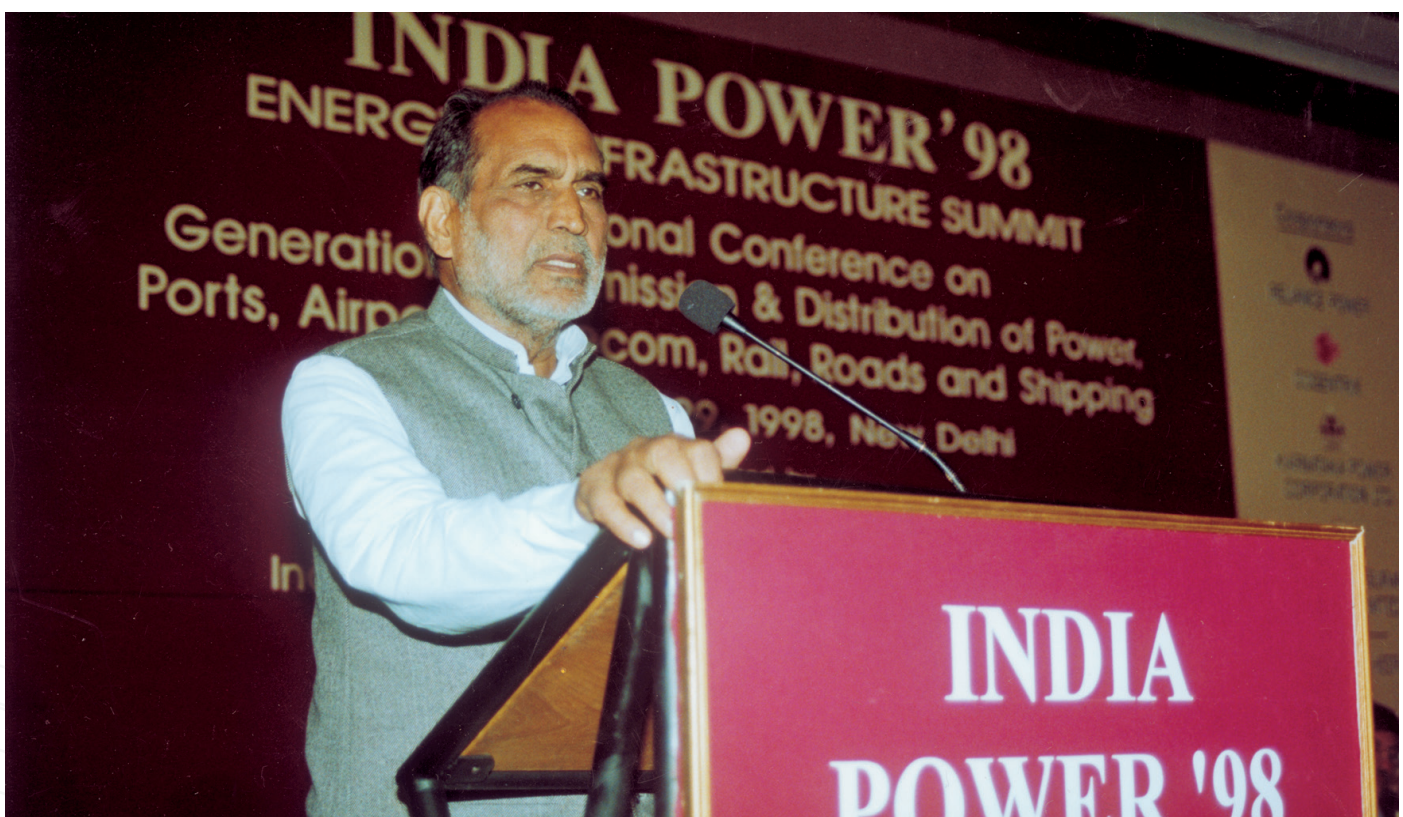

Gain the IPPAI Advantage

- ▶ **Receive:** Timely and accurate information.
- ▶ **Examine:** Strategic insights through 'Power Pulse', our e-bulletin
- ▶ **Engage:** With policymakers, regulators, industry leaders and experts at our industry focused conferences
- ▶ **Influence:** Energy Policy development and regulatory initiatives.
- ▶ **Express:** Your views and concerns in our critically acclaimed conference books and publications
- ▶ **Empower:** Your visibility and reach out to energy stakeholders through our video interviews on industry issues at www.ippai.org
- ▶ **Utilize:** Be an IPPAI member and save over a lakh of rupees with our incentives and also avail discounts on conferences.

INDIA POWER 94

Hon'ble Prime Minister of India, Late Shri Narsimha Rao at an IPPAI event

Hon'ble Prime Minister of India, Late Shri Chandra Shekhar at an IPPAI event

Annual Industry Acclaimed Events

- ▶ **ASIA ENERGY SECURITY SUMMIT** Strategic thinking on energy security & security of energy assets by the finest minds from leading Asian nations in a dialogue promoting regional energy co-operation. The Summit receives participation from ministers, regulators, experts and think tanks on diverse issue: fuel supply chain, emerging areas in coal, oil & gas, nuclear and renewable energy.
- ▶ **REGULATORS & POLICYMAKERS RETREAT** Regulators & Policymakers Retreat, a four day residential retreat and flagship event of IPPAI brings unique opportunity to discuss the emerging issues in the energy and infrastructure space with a particular focus on Power. The Retreat receives participation from chief ministers, members of parliament, regulators, government policy makers, eminent thought leaders, economists, and industry players from across the generation, transmission, and distribution spectrum to examine critical issues in the energy sector, reconcile differing perspectives and mindsets, and discuss the way forward.
- ▶ **SECURING ASIA** A pioneer in bringing together policymakers, buyers and sellers from around the world, the Summit witnesses participation from leading experts, companies and senior government decision makers in homeland security, counterterrorism and defence. The unique advantage of this initiative is the single-minded focus of constructive engagement between delegations and companies over the two day Summit in the form of conference, exhibition, facilitated business meetings and networking.
- ▶ **STATE LEVEL CONFERENCES** IPPAI has been organising state level conferences with the support of State Electricity Regulatory Commissions and State Governments to bring together various stakeholders in a informal setting to discuss issues and review the progress being made in the Power Sector. These have been organised in Bihar, Haryana, Maharashtra, Odisha, Uttar Pradesh, Gujarat, Assam, Meghalaya.
- ▶ **INDUSTRY LEVEL SEMINARS** Seminars and Workshops where industry experts discuss opportunities for industrial and commercial consumers to purchase cheaper power. What is the benefit due to reduction in tariff through Open Access? What are the procedure?
- ▶ **INTERNATIONAL CONFERENCES**

Empowering the community towards
a sustainable future,

When you have the best solutions on the table,
you have the power to change things around you.

Critical Engagements

- ▶ **Mr. Harry Dhaul, Director General, IPPAI was a member of the Advisory Group chaired by Shri Jyotiraditya Scindia, Minister of State for Power, Government of India. He was also the Convenor of the Sub Group on Transmission and a member of the sub group on suggestions for amendments to the Electricity Act 2003. These sub groups were constituted under the Advisory Group of the Honourable Minister.**
- ▶ **Mr. Harry Dhaul was a member of the State Advisory Committee of the Maharashtra Electricity Regulatory Commission and an Invitee of the State Advisory Committee of the Haryana Electricity Regulatory Commission.**
- ▶ **IPPAI's views incorporated in the suggestions for Amendments to the Electricity Act 2003**
- ▶ **Suggestions for SBDs from IPPAI**

Cerebral Support

IPPAI Power News

1. Fuel crisis continues in Tripura due to dilapidated condition of NH 44
2. Petronet LNG plans \$3 billion investment in overseas push
3. RIL's block holds 3.7 times established gas reserves: Niko
4. Indian Oil, BPCL and HPCL may hold 51% stake in Maharashtra refinery
5. D Rajkumar appointed CMD of BPCL; Utpal Bora to head Oil India
6. Coal India Board decides on buying back 1.72% percent of its shares at a total cost of Rs 3,650 cror
7. Web interface for government, mine owners within month
8. Delhi court allows firm's director to turn approver in coal case

The Niche – That is Us!

- ▶ **Strategic Position:** Gain from the experiences of other businesses and share new ideas.
- ▶ **Impacting Policy:** The Outcome of IPPAI's Path breaking initiatives are forwarded as recommendations to key decision makers in the government (including Prime Minister's Office), both at the federal and state level.
- ▶ **Networking:** Provides excellent networking and branding opportunities to all stakeholders.
- ▶ **Media Presence:** IPPAI's opinions and information have been sought by leading international think tanks.

USP – Opinion leader in the niche sectors of power and infrastructure

IPPAI conference on 'Promoting Hydro Power: A Counter Strategy Against Rising Fossil Fuel Prices'

The Independent Power Producers Association of India (IPPAI) organised a two day workshop on 'Promoting Hydro Power: A Counter Strategy against rising Fossil Fuel Prices' from December 12-13, 2013 at the Taj Mahal Hotel in New Delhi. The conference received participations from esteemed regulators, policymakers, hydro project developers, investors, transmission and distribution utilities and power consumers, and discussed the way ahead.

MHA clears 47 hydel projects

Updated: Dec 13 2013, 04:01 IST

The ministry of home affairs has cleared 47 hydel projects for implementation, raising hope of expeditious harnessing of the country's hydropower potential which is estimated at 1.5 lakh MW. "47 hydro projects were cleared by the MHA the day before," Devendra Chaudhry, additional secretary in the ministry, said on Thursday while speaking at a conference held by the Indian Power Producers Association of India.

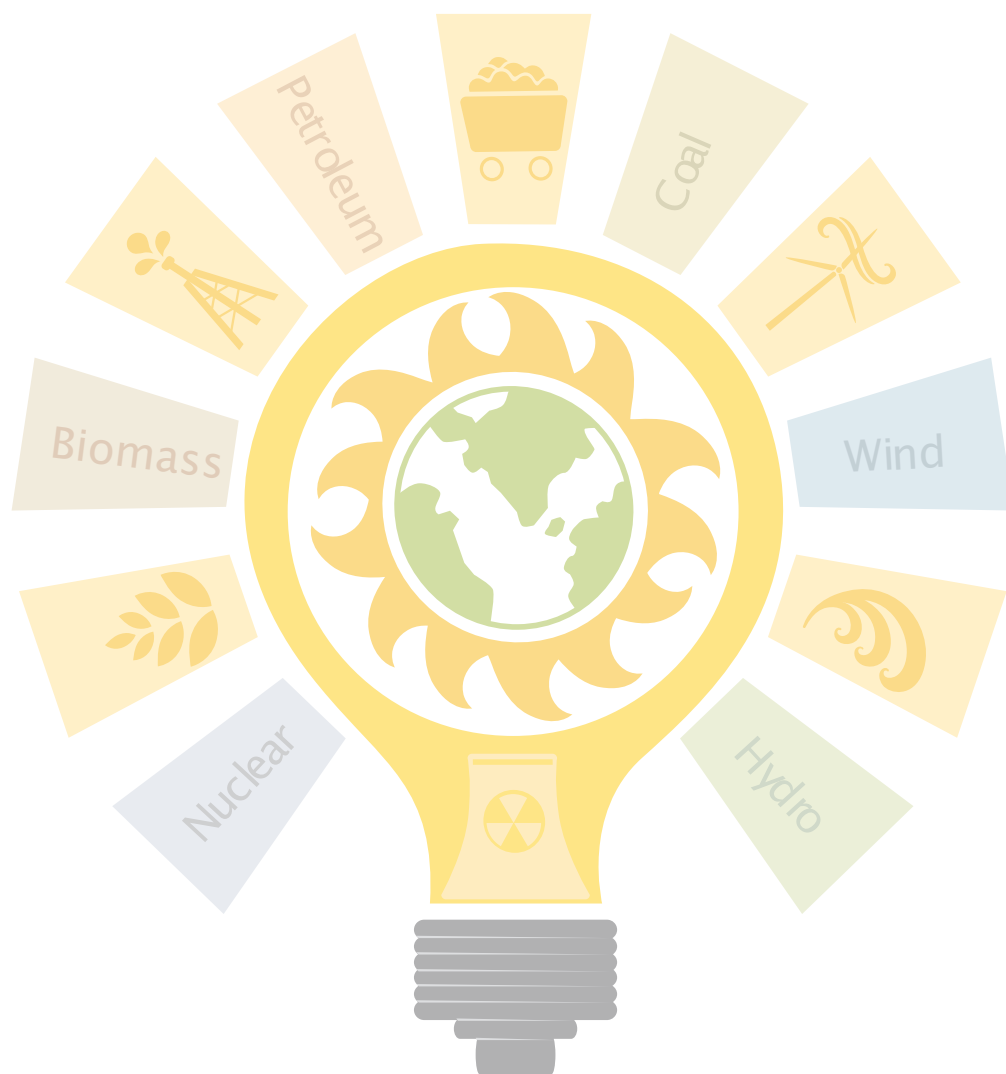

India-China agree to exchange information on Brahmaputra basin

The ministry of home affairs has cleared 47 hydel projects for implementation, raising hope of expeditious harnessing of the country's hydropower potential which is estimated at 1.5 lakh MW. "47 hydro projects were cleared by the MHA the day before," Devendra Chaudhry, additional secretary in the ministry, said on Thursday while speaking at a conference held by the Indian Power Producers Association of India.

Examined.. Engaged.. Empowered

IPPAI's neutral disposition enables it to interact with regulators from a position of strength and provide cutting edge information on developments in the emerging market. The initiatives are filed as important recommendations in the sector and the events attract a high caliber audience of key decision makers across business and government, offering excellent opportunities for networking.
